

CORDLESS MIDDLE -FLOW 310ML CARTRIDGE GUN KIT

The Impact-A Cordless Cartridge Gun is used mainly for indoor applications, domestically or commercially.

Great tool to fill gaps or provide sealing for many applications where constant flow over a long period is required.

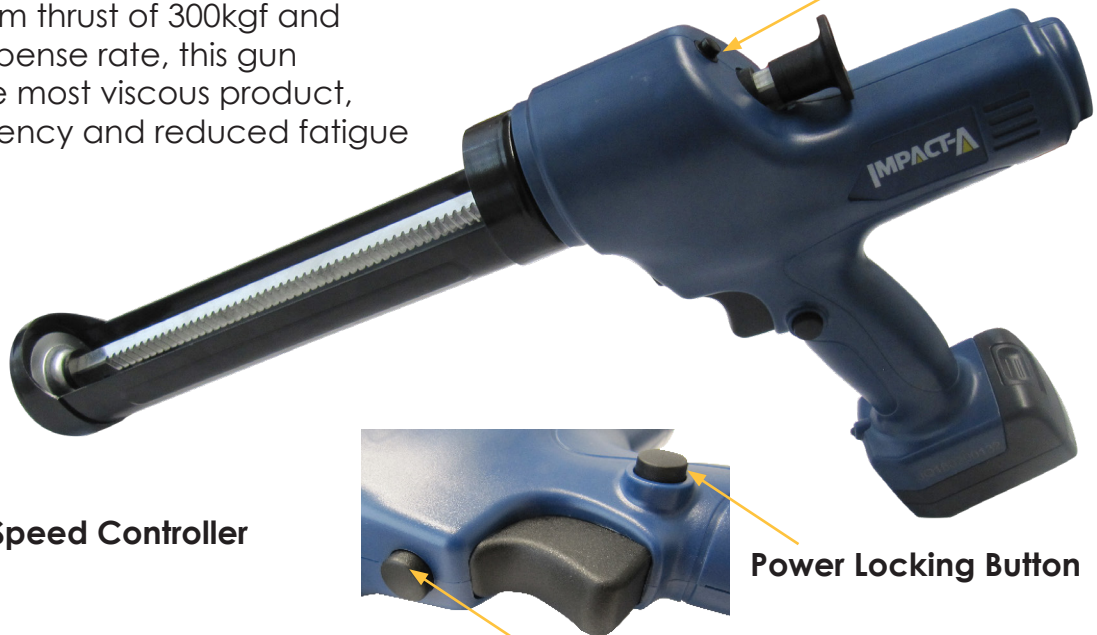

With a maximum thrust of 300kgf and 1.8 - 6mm/s dispense rate, this gun can handle the most viscous product, providing efficiency and reduced fatigue for the user.

Trade quality cartridge holder suits 310ml cartridges.

Has a dial speed controller to set desired speed and a locking button for continuous flow, allowing for a precise and clean result every time.

Dial Speed Controller

LED On/Off Button

Power Locking Button

Plunger Release Button

Key Features

- Dispense Rate – 1.8 - 6mm/s
- Push Force 300kgf max
- Dial Speed Control to set desired speed
