

# PAINT & RESIN HAND CLEANER

Impact-A Paint & Resin Hand Cleaner is a useful natural hand cleaner combining coconut oil and lanolin to provide a rich creamy lather, leaving hands feeling soft and natural after a tough day of hard work.

Appropriate use for spray painters, 2-pack applicators, printers, painters and all types of trades.

## Key Features

- Ideally suited in all industrial workshops, worksites and automotive repair shops
- Breaks down resins, adhesives & body fillers
- Pleasant on hands
- Erases paint and inks effortlessly
- Can be used every day
- Suitable for domestic and commercial use

## Directions For Use

- Place a small quantity of Impact-A Paint & Resin Hand Cleaner into the palm of your dry hand. Rub hands together prior to adding water to allow the liquid to act as an abrasive to remove the resin, paint & adhesives. Massage well if hands are really dirty, then rinse under water while continuing to rub hands together. Dry hands and repeat process if hands still have unwanted material in stubborn areas.
